

# CAL INSURANCE & ASSOCIATES, INC.

## Joseph L. DeLucchi

Vice President, CAL Insurance & Associates, Inc.

CAL Insurance & Associates, Inc., a full service Independent Insurance Agency, has been operating since 1927. We are a regional firm with 30 dedicated employees and are located in San Francisco. Our clients are headquartered throughout California.

My background and specialty is in the business insurance marketplace. I traditionally manage the insurance portfolio for privately-held or non-profit entities with 20 to 500 employees.

Additionally, I specialize in working with investment building owners who may have apartment complexes, mixed use buildings, strip shopping malls, commercial buildings or a combination thereof.

My ideal client is a “best practices” organization dedicated to already having or committed to creating/implementing superior risk management and loss control procedures. *By doing so, our clients take advantage of & benefit from the absolute best group insurance programs.*

I specialize in the following coverage areas: Workers Compensation, General Liability, Property, Umbrella, Professional Liability (E&O), Directors & Officers (D&O), Employment Practice Liability Insurance (EPLI), Commercial Auto Fleet, Inland/Ocean Marine, Crime & Performance Bonds.

I believe it is important to maintain a strong presence in our community. To that end here is a brief list of some past & current community involvement:

- Board of Directors/Finance Chair for the Non Profit organization – BAYCAT
- PACER Board Member – CNA Insurance Company
- Past Board Member & VP -- SF Small Business Network
- Member/Executive Committee – ProVisors
- Member/Chapter Leader – Council of Business Advisors
- Volunteer/Guest Lecturer – Small Business Administration’s SCORE
- Past participant - Leadership San Francisco (2006 class)

CAL Insurance & Associates, Inc. works with a number of outstanding clients and has access to the best trusted advisors to help your business through the ever changing marketplace. We would welcome the opportunity to learn about your business and review/assess its current insurance portfolio.
