FAMILY LAWYERS

Lawyers for Life Transitions

Litigate • Collaborate • Mediate

The goal of Kleeman Kremen Family Lawyers is to resolve family law matters with a methodology that is appropriate for our client's situation – litigation, collaboration or mediation, or a combination of tactics. Our focus is always on the end goal that will provide our clients with a pragmatic solution that is fair, cost-effective and efficient. Sometimes, that solution may even be to unbundle the legal services and only provide the needed portion.

Since 1983 we have been helping clients through divorce and other family law matters. Our knowledge of divorce tax and valuation principles assures our clients an equitable property division.

For the duration of the matter, we partner with our clients: educating them on their legal choices, guiding them through complicated processes and supporting them through an emotionally difficult time of life. From the first confidential conversation to the final resolution, our clients are confident that we have performed with the utmost professionalism and have worked hard to obtain a feasible and cost-effective resolution.

Let us know if we can help you.
