

Charles J. Gonzalez, CPA, MBA

“Chuck” has been a **CPA since 1974**. His experiences include working for a **national CPA firm**, working as a **CFO** for several companies, being a sole practitioner and now the **managing partner** in a local CPA firm. He received his **BS** from San Diego State University and his **MBA** from the University of Southern California. Chuck **taught tax and accounting** classes for two years at Loyola Marymount, both graduate and under graduate. He also taught part-time at Cal State Northridge for seven years.

Chuck is very **“hands on”** when it comes to working with his clients and he has a **diversity of experience** including real estate, construction, manufacturing, professional service, entertainment, business management, food service and more. He and his **wife Nona** have **three boys**, all of which have completed their college education. One is a **fireman/paramedic** in Denver, one a **pharmaceutical salesman** in So. California and the youngest is pursuing an **acting** career. Chuck and Nona work together in the CPA practice and enjoy the off hours playing **golf at Lakeside** Golf Club in Toluca Lake. Chuck is a past President of Lakeside and remains active in club activities. He is also the co-chairman of a golf tournament for the East Valley Family YMCA, which has **raised over \$900,000 for the “Y”** over the last 18 years.

“Chuck has been the CPA for the company for the past ten years and has always done an excellent job for us. Our business has grown from local to national to international and Chuck’s guidance has been most helpful along the way. We are on the verge of completing an international marketing agreement that will increase our business by many multiples and we are pleased that Chuck will be closely involved in advising and guiding us to new levels of prosperity.”

*Jerry Price, President
Aminoderm Laboratories, Inc.*

“My experience with Chuck Gonzalez has been a very good one. I retained his services in 1995. My practice was out of control with regards to operating costs, payroll problems and tax issues. Chuck alleviated all of those problems and further advised incorporation and the institution of a pension/profit-sharing plan. My practice now has direction and my employees are happy.”

James August Schaubel, D.D.S.

“Chuck and his staff have the insight and flexibility to understand and complement the operation of a company such as ours. Our needs are specialized and truly unique to our business. Their input has helped our performance to improve over the last several years.”

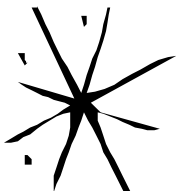

*David Schmutz
Paddock Riding Club, Managing Partner*

And finally, the tax accountant’s tax accountant:

“Several years ago I realized that to get my own taxes prepared in a timely and competent manner, I would be better off to have another tax professional do it. I knew Chuck and I knew his work and he has done a great job and I’m pleased to work with him.”

*Bill Amon, CPA, Esq.
Deloitte Touche, Tax Partner*

(Bill Amon was named to the International Tax Review’s “North America’s Top Tax Advisor” list for the 2nd year in a row in 1999)
